

# My Goals

## 1. Why do I want to learn this skill?

What does it mean to you? What are your motivations? Will you prove something to yourself or people around you? Will you get a raise because you're better at your job or will you get a better job?

I want to improve myself and step out of my comfort zone, always continue and never get tired of learning and expanding my skills. I'll impress people around me and will get a great paid job to live a high standard life, I'm dreaming of. Not to live in overflow, but in comfort.

## 2. What will I achieve if I learn this skill?

Which doors will this skill open for you? Will you be able to earn more, have more flexibility in your work hours, work remotely and travel more?

Soon I'll be able to work remote and self sufficient. I'll triumph with a wide range of skills and earn much respect.

## 3. How will this skill change my life and my career?

Would you get a raise at your current job or more respect from your boss once you've learnt this skill? Or will you be at Facebook, Amazon or Google instead? How would your life change?

Something I need to think more about! But maybe will run my own business and have people work for me to gain more free time myself.

## 4. How will learning this skill impact the lives of my family, friends and coworkers?

What will you be able to do for your family or friends once you've learnt this skill? How will it change the way they think of you? Will your coworkers respect you more?

My family will be too dumb to recognize the value of such skills, but the day will come, when they'll respect me more. I'll be able to pay my parents a good care giver for when they need.

## 5. How will I feel if I never accomplish this?

Would you feel disappointed? Would you feel like you've missed out?

I felt failed and distant from my aim, which should not be an option. I need to focus on my goal and not lose sight of my intention. KEEP PUSH IT THROUGH!

## 6. What would my life look like if I manage to accomplish this?

Visualise it. What would life look like from the moment you wake up to the time you go to sleep? Will you be living by the sea? Would you kiss your beautiful wife/husband when you wake up?

I'll wake up in a light filled room in a soft big bed, next to a smart and sexy husband. Maybe start with yoga or reading and have breakfast with my kids. Drop them off in a well regarded school. Then I will work till 3/4pm, do some sports and pick up kids again. I'll spend the afternoon with my family and finish the night with friends.
